Digest Annual

Our Eleventh Birthday

- ¶ Herewith a new edition of Box Office Digest Annual. The eleventh in a series that now tells a most interesting chronicle of the industry's business history.
- ¶ Business, it is, since it is told in facts and figures, dollar signs and decimals. But behind the figures there are personaltities, individuals, human beings.
- ¶ The most important chapters in many human lives are told in these eleven Annuals. The spectacular triumphs, the steady consistency, the occasional tough breaks.
- ¶ We are happy to present this latest Annual, with its wealth of authentic information available nowhere else.
- ¶ And we are again happy, and proud, of the outstanding character of the many friends, producers, directors, actors and actresses, whose cooperation has made it such a representative edition.
- ¶ Judging people by the company they keep, and judging a paper by the people who like its company anyway you take it, there is a rosy glow of self-satisfaction to every edition of Box Office Digest Annual for all concerned.

- Norman E. Webb

- Robert E. Welsh

EDITOR'S NOTE: The financial statements published above are fer the fiscal year from January 1st to December 31st if such reports were published; if not, they are for the nearest similar period. The BOX OFFICE DIGEST figures and statistics were compiled by NORMAN WEBB. The financial statements were furnished through the courtesy of E. F. HUTION AND COMPANY, members of the New York Stock Exchange.

MAJOR PRODUCER - DISTRIBUTORS NET \$126,000,000

The total earnings of the nine producing distributing companies for the year 1946 were a little over \$126,-000,000.00. This is practically double the earnings for any previous year since motion pictures were invented. Despite high negative costs and increased expense in theatre operation and film exchanges, the grosses were so high that even after Federal taxes, the earnings were

really exceptional, making motion picture stocks still a good investment.

Those companies who have issued a statement for the first quarter of 1947 still indicate good earnings, although, at this writing, there has been a slight box office slump. However, the major companies are in good shape, as they have a back log of over \$75,000,000.00 in completed pictures ready for release.
